

PRESS RELEASE ON THE LOAN INTEREST PAYMENT SUPPORT KIDU
24 May 2021

The threat of COVID-19 on the health and wellbeing of our people is looming larger than ever before. Therefore, the need for enhanced vigilance and care across the country has become very important.

The economic situation is also looking increasingly grim. Therefore, the need to build greater resilience and shore up the confidence of our people has become paramount.

In order to deliver the Royal Kidu in a timely manner, the Office of the Druk Gyalpo's Relief Kidu would like to announce that holders of loan accounts eligible for interest payment support Kidu do not need to submit the online application with immediate effect.

As announced on 22 April 2021, the 50% loan interest payment support Kidu will be granted from the National Resilience Fund to all eligible loan accounts who availed loans prior to 10 April 2020.
